

News

On Thursday, May 12, Saul Greenberg, Director of Special Needs' Programs, School of Education from Antioch McGregor brought in 77 Special Ed Masters and License as Intervention Specialists K-12 students to TRC.

It was a huge success in part due to the group effort of staff and volunteers. We had eight workstations and each workstation had 10 people visit the workstations eight different times.

Staff and Volunteers:

Kevin Leonard, Coordinator

Diana Leonard, Administrative Assistant

Toni Ramsey, Assistive Technology Practitioner

Ed Malahy, Lab Instructor Career Center

Anne Johnson, Product Manager, Mayer Johnson

Mike Wood, Eastern Regional Manager Freedom Scientific

Mary Fessler, Advisory Board Member and Account Executive Elements IV Interiors

Julio Matteo, Wright State Graduate Student

Andy Leach,, East Central Regional Sales Manager, Freedom Scientific

1. Kevin - Dragon NaturallySpeaking, Yacker Tracker, Alternative Spinner, Alternative Spinner, Quad table.
2. Diana - Head Mouse , Dana
3. Toni - M3 and Cyrano
4. Julio, Attainment Center, Brainfingers
5. Anne - High-Tech and Low-Tech Assistive Technology
6. Mary - Assistive Technology for Individuals with Autism and Aspergers Syndrome
7. Mike - WYNN
8. Andy Leach - Freedom Scientific Vision Technology
9. ED - Screen Doors and Zoom Text

(comments from two of the students)

Hello! My name is Rhonda and to refresh your memory, I was the one who ask you about the machine that would turn on and off things in a household by just the sound of your voice. Thank you for this information and thank you for having us all in your presence as well! I really learned more than I thought I would. Hope to see you again.!

Thank you to you and the staff for being there for us Thursday. I thoroughly enjoyed the presentations. There is so much available that I did not know about. What a wonderful center you have! I appreciate everything you all do. I will definitely be back to look at your library. I have a son with Asperger's Syndrome. It is in his IEP to use technology for his reports and papers due to his dysgraphia. I would like to enquire about getting him a computer for school work. I will give you a call Monday.

Thank you,

Beth
